

A technical drawing of a long, thin cylindrical object, likely a probe or needle. The drawing shows the object from a side perspective, with a label 'D' pointing to its diameter. The object has a slightly flared tip on the left and a small rectangular feature on the right end.

Technical drawing of Detail D, showing a cross-section of a wall and floor assembly. The wall has a thickness of 250 mm. The floor assembly consists of a 100x12 mm layer on top of the wall, a 20 mm gap, and a 100 mm thick layer below. The drawing shows the wall, floor, and foundation with hatching and dimension lines.
