

3.5mm

A vertical cross-section of a mechanical part, likely a metal casting. The part has a central circular hole and two smaller circular holes on either side, positioned lower down. A horizontal dashed line is drawn across the upper portion of the part, with the text "3.5mm" centered above it, indicating the distance from the top surface to the center of the main hole.

6.5mm

A vertical cross-section of a mechanical part, likely a metal casting. The part has a central circular hole and two smaller circular holes on either side, positioned lower down. A horizontal dashed line is drawn across the middle portion of the part, with the text "6.5mm" centered above it, indicating the distance from the top surface to the bottom of the side holes.
